

“Discover The Bad Boy Secrets That Will Turn Women Into Instant Love Junkies - Begging To Possess You...”

YOUR WORST NIGHTMARE: Finding out that *your girl* got gamed by an enchanting rogue of a Bad Boy - that she totally surrendered herself to **hot multi-orgasmic sex** with him... while you were out buying her a nice diamond bracelet.

This happens more frequently than most guys know about - but **it won't happen to you** when you discover what I have to show you...

You don't want the woman you're with thinking about **HIM** - you want her fantasizing about **YOU**. And that's what knowing the "**Bad Boy**" secrets will do for you. Because it **SUCKS** to watch these guys work their "mojo" on women, getting the attention and sex **you deserve**.

I don't know about you, but I always hated feeling like I was inferior - being pushed around or sneered at by other guys. Or getting pushed out by them and walking away empty-handed.

Sometimes you don't know who to be more angry with - the Bad Boy for his "evil" ways, or the women who **ignore you** - and then seem to jump at the chance to be mistreated by one of those guys.

Have you ever felt like this:

"I'm sick and tired of being alone. Why does this jerk get women when I clearly have so much more to offer her? Why can't I attract the women I want when I'm obviously a better catch?"

If you're like a lot of other frustrated men out there...

- You see women telling you they want a "nice" sensitive guy, but when you try to be **nice**, she runs away - right into the arms of some Jerk...
- You don't want to have to act like a Jerk to get a date, but you know these guys are doing something that works, and something you secretly wished **you** could do...
- You might have a woman in your life that you're desperate to have, only she's hopelessly addicted to a jerk or some guy who doesn't even want her. How can you convince her you're the right one for her...?
- You see these "Bad Boys" out there, not playing by the rules - doing whatever he wants - and he gets to win the game anyway...

Look, it's okay... **It's not your fault**. You did the best you could with the information you had.

Now I'm going to help you go even further with your game than you ever thought possible. You can do it with these **hidden attraction secrets** that most men will never understand how to use (especially in an ethical and responsible way.) I'm even going to share something about the "Bad Boy Myth" that most men never discover. And if you don't know about this, you could be **ruining** your chances with women.

IMPORTANT FACT: Bad Boys Have A Fatal Flaw In Their Game That You Can Exploit...

The reality is that most Bad Boys don't know when to "turn it off" - or **HOW**. That means that he can attract women quickly and powerfully at the start - but he also **burns women out** just as fast. And he finds it difficult to keep women interested and attracted to him.

Also, the "natural" bad boy doesn't even understand what it is he's doing. And as a result - he eventually loses his power over women. The "**Alpha**" **Bad Boy** - which you will be when you learn the Bad Boy's secret formula - **NEVER** loses his ability. And you learn how and when to turn it down so that you don't wear out your welcome.

So discovering the hidden techniques of the **Bad Boy Formula** will not only help you ignite the passionate fire at the start, but this method will also give you the success **he doesn't have**: The ability to keep things hot and heavy for as long as you want to keep her. For a night - or forever! It's up to **YOU**.

You're probably like me - you get angry at these guys out there that **STEAL** women from other men - jumping right into bed with her. The secret truth is that these guys that we call "Bad Boys" are actually doing the **RIGHT** thing for women. It's the Jerks that we need to avoid.

That's right... "**Bad Boys**" and "**JERKS**" are not the same type of guy.

The Jerks are the ones that are doing all the damage - the **BAD** stuff, like:

- Mistreating women...
- Taking her for granted/Disrespectful to her...
- Lying to her...
- Making her cry and get upset...
- Cheating on her...
- Neglecting her...

On the other hand, the **Bad Boy** might *seem* like he's mistreating women, but he's really the man who knows how to make sure **HIS** life comes first. And he's also the guy that is being unapologetically **MASCULINE**. (He's the man you probably might hear other people call a "**Player**." He's the guy we're all jealous of - but we won't admit it.)

The "Jerk" is the man that's out of control, and hurts more women than he attracts. The problem is that the Jerk's strong sense of independence and "take no crap" attitude is **attractive** to women who are looking for a man with confidence.

BUT The "Good" Kind Of BAD BOY Knows The Rules, Owns The Game, And Wins Every Single Time.

The truth is that you can outsmart and outperform the Jerks out there just by doing the right thing: Use Bad Boy techniques to create a **WIN-WIN** situation with women.

When you give her the thrill of being with a Bad Boy, **SHE** gets a man who knows how to create magnetic and powerful attraction - without any of the emotional pain.

And **YOU** get to find, connect with, and **sweep** the woman you want off her feet and into your arms.

For you to make this leap from Nice Guy to Bad Boy, you just need a **blueprint**.
